We may conduct searches about anyone whose personal information may be processed to administer this policy (including handling any claims) using publicly available sources. Examples are the edited electoral roll, county court judgements/Scottish decrees, bankruptcy registers and other public databases. This helps us assess applications for insurance, provide renewal quotations and check the accuracy of information. These searches may be recorded by credit reference agencies but they will not affect any credit standing.

Claims history

When you tell us about an incident or claim we may pass information relating to it to the Claims and Underwriting

Exchange Register (CUE), run by Insurance Database Services Ltd (IDSL) or other relevant database.

We and other insurers may search these databases when you apply for insurance, in the event of any incident or claim or at time of renewal to validate your claims history or that of any other person or property likely to be involved in the policy or claim.

This helps to check information provided and prevent fraudulent claims.

Fraud prevention and detection

In order to prevent and detect fraud we may at any time:

- a) share information about you with other organisations including the police
- b) conduct searches using publicly available databases
- c) undertake credit searches

- b) managing credit and credit related accounts or facilities
- c) recovering debt and tracing beneficiaries
- d) checking details on proposals and claims for all types of insurance
