

Guidance in the event of an accident

- Ensure you, your passengers and your vehicle are out of danger. Your safety should be the priority.
- If required, the emergency services should be notified.
- Do not make any admissions or concessions without speaking to your insurer first.
- You should try to record as much information about the accident as possible, including but not limited to:
 - Registrations and, where possible, the make, model and colour of any other vehicles involved.
 - Names and contact information of any other drivers, injured persons or witnesses.
 - Pictures of the damage caused to all vehicles involved.
 - Pictures of the road layout and vehicle positions where relevant.

Please call 03333058120 to report the claim to our notification team.
